THE BAD MEN – G+ John Connolly – stand alone Three hundred years ago, the settlers on the small Maine island of Sanctuary were betrayed by one of their own, and slaughtered. Now a band of killers has returned to Sanctuary to seek revenge on a young woman and her son, and the only people who stand in their way are a young rookie officer and the island's resident policeman, the troubled giant known as Melancholy Joe Dupree, guardian of the island's secrets, the repository of its memories.

John Connolly writes dark, streetwise thrillers that pull no punches when showing human cruelty. Bad Men blends noir crime with supernatural horror as murderous gangsters invade an island whose ghosts have a special way with bad men. Dutch Island, once known as Sanctuary, lies off the coast of Connolly's regular stamping-ground, the US state of Maine.

BAD MEN. by John Connolly   RELEASE DATE: April 1, 2004. After his fourth Charlie Parker private investigator entry, *The White Road* (2003), the Irish Connolly offers a supernatural chiller to brighten his dark-veined Americana. Connolly writes like a poet, or perhaps like the murky Faulkner of *Absalom, Absalom!*, stretching scenes out with an unbearable load of neurological and psychic cloudwrack.

BAD MEN | Kirkus Reviews

"Bad Men" is a departure for the vastly talented John Connolly. Charlie "Bird" Parker, the ex-NYPD private investigator of Connolly's previous three novels (*Every Dead Thing*, *The Killing Kind*, *The White Road*) is "mostly" missing. (Parker, in an unusual twist for a novel, does indeed make a cameo appearance in "Bad Men".)
