Why Americans are fleeing our broken banking system: “Startling and absorbing...Required reading for fans of muckraking authors like Barbara Ehrenreich.”—Publishers Weekly (starred review) What do an undocumented immigrant in the South Bronx, a high-net-worth entrepreneur, and a twentysomething graduate student have in common? All three are victims of our dysfunctional mainstream bank and credit system. Nearly half of all Americans live from paycheck to paycheck, and income volatility has doubled over the past thirty years. Banks, with their high monthly fees and overdraft charges, are gouging their lower- and middle-income customers while serving only the wealthiest Americans. Lisa Servon delivers a stunning indictment of America’s banks, together with eye-opening dispatches from inside a range of banking alternatives that have sprung up to fill the void. She works as a teller at RiteCheck, a check-cashing business in the South Bronx, and as a payday lender in Oakland. She looks closely at the workings of a tanda, an informal lending club. And she delivers engaging, hopeful portraits of the entrepreneurs reacting to the unbanking of America by designing systems to creatively serve those outside the one percent. “Valuable evidence on the fragility of the personal economies of most Americans these days.”—Kirkus Reviews “An intelligent plea for financial justice...[An] excellent book.”—The Christian Science Monitor

This book is not what you think. “Vile Acts of Evil - Banking in America” does not discuss your bank’s usurious interest rates or ridiculous fees - irritants you know too well - and the title reflects neither joke nor hyperbole. This is the story of money, greed, and power in America. If you dare continue, you will soon realize, that the vast underbelly of our American history - the recessions, depressions, panics, and wars - the enormous amount of needless human turmoil, suffering, and carnage - the millions of wasted lives over hundreds of years - are but byproducts of extremely wealthy bankers seeking further wealth - mere corporate externalities, like black smoke stack soot, not worthy of a bookkeeping entry. Truly, Vile Acts of Evil.

#1 WALL STREET JOURNAL BESTSELLER \* NEW YORK TIMES BESTSELLER New York Times finance editor David Enrich's explosive exposé of the most scandalous bank in the world, revealing its shadowy ties to Donald Trump, Putin's Russia, and Nazi Germany “A jaw-dropping financial thriller” —Philadelphia Inquirer On a rainy Sunday in 2014, a senior executive at Deutsche Bank was found hanging in his London apartment. Bill Broeksmit had helped build the 150-year-old financial institution into a global colossus, and his sudden death was a mystery, made more so by the bank’s efforts to deter investigation. Broeksmit, it turned out, was a man who knew too much. In Dark Towers, award-winning journalist David Enrich reveals the truth about Deutsche Bank and its epic path of devastation. Tracing the bank’s history back to its propping up of a default-prone American developer in the 1890s, helping the Nazis build Auschwitz, and wooing Eastern Bloc authoritarians, he shows how in the 1990s, via a succession of hard-charging executives, Deutsche made a fateful decision to pursue Wall Street riches, often at the expense of ethics and the law. Soon, the bank was manipulating markets, violating international sanctions to aid terrorist regimes, scamming investors, defrauding regulators, and laundering money for Russian oligarchs. Ever desperate for an American foothold, Deutsche also started doing business with a self-promoting real estate magnate nearly every other bank in the world deemed too dangerous to touch: Donald Trump. Over the next twenty years, Deutsche executives loaned billions to Trump, the Kushner family, and an array of scandal-tarred clients, including convicted sex offender Jeffrey Epstein. Dark Towers is the never-before-told saga of how Deutsche Bank became the global face of financial recklessness and criminality—the corporate equivalent of a weapon of mass destruction. It is also the story of a man who was consumed by fear of what he’d seen at the bank—and his son’s obsessive search for the secrets he kept.
