(CCNA) certifications can be pursued by taking the following four courses: CCNA1, CCNA2, CCNA3 and CCNA4. Although, these courses are not required to pass the CCNA test, taking these courses will make it very easy to pass the test. These courses are excellent for those who are new and would like to pursue a career in Cisco. Some of these courses are offered ...

The backup link should have a number higher than 1. The correct answer has an administrative distance of 10. The other quad zero route would load balance packets across both links and both links would appear in the routing table. The remaining answers are simply static routes (either a default route or a floating static default route).
