déjà existant ...

Voici le livre des révolutions possibles. Il s'appuie sur une expérience acquise dans près de cinquante pays aussi bien que sur les enseignements de Gandhi et du stratège Gene Sharp. Il prend la voix exceptionnelle de Srdja Popovic, apôtre de la lutte non violente, qui fit tomber Milosevic, fut de toutes les "révolutions fleuries" (Géorgie, Liban, Ukraine, etc.), et a été considéré comme l'"architecte secret" du printemps arabe. Popovic nous fait entrer dans les coulisses des événements historiques du XXI^e siècle. Il raconte ce qui marche et comment ça marche. Il explique aussi pourquoi cela échoue parfois, comme en Ukraine ou en Chine. Son livre réconcilie avec l'action politique et montre combien il est crucial, non seulement d'aller au bout des choses, mais aussi d'avoir une vision claire de ce qu'on fera de la liberté.

Un livre pour agir, à destination des mécontents, des activistes, des utopistes qui veulent réussir leur révolution (petite ou grande). Toutes les astuces et stratégies non violentes qui ont prouvé leur efficacité, au centre desquelles figure l'humour. Par l'"architecte secret du printemps arabe" (pressenti un temps pour le prix Nobel de la paix), dont le mouvement Otpor fit chuter Milosevic.

An urgent and accessible handbook for peaceful protesters, activists, and community organizers—anyone trying to defend their rights, hold their government accountable, or change the world *Blueprint for Revolution* will teach you how to — make oppression backfire by playing your opponents' strongest card against them — identify the "almighty pillars of power" in order to shift the balance of control — dream big, but start small: learn how to pick battles you can win — listen to what people actually care about in order to incorporate their needs into your revolutionary vision — master the art of compromise to bring together even the most disparate groups — recognize your allies and view your enemies as potential partners — use humor to make yourself heard, defuse potentially violent situations, and "laugh your way to victory" Praise for *Blueprint for Revolution* "The title is no exaggeration. Otpor's methods . . . have been adopted by democracy movements around the world. The Egyptian opposition used them to topple Hosni Mubarak. In Lebanon, the Serbs helped the Cedar Revolution extricate the country from Syrian control. In Maldives, their methods were the key to overthrowing a dictator who had held power for thirty years. In many other countries, people have used what Canvas teaches to accomplish other political goals, such as fighting corruption or protecting the environment." *The New York Times* "A clear, well-constructed, and easily applicable set of principles for any David facing any Goliath (sans slingshot, of course) . . . By the end of *Blueprint*, the idea that a punch is no match for a punch line feels like anything but a joke." *The Boston Globe* "An entertaining primer on the theory and practice of peaceful protest." *The Guardian* "With this wonderful book, Srdja Popovic is inspiring ordinary people facing injustice and oppression to use this tool kit to challenge their oppressors and create something much better. When I was growing up, we dreamed that young people could bring down those who misused their power and create a more just and democratic society. For Srdja Popovic, living in Belgrade in 1998, this same dream was potentially a much more dangerous idea. But with an extraordinarily courageous group of students that formed Otpor!, Srdja used imagination, invention, cunning, and lots of humor to create a movement that not only succeeded in toppling the brutal dictator Slobodan Milošević but has become a blueprint for nonviolent revolution around the world. Srdja rules!" *Peter Gabriel* "Blueprint for Revolution is not only a spirited guide to changing the world but a breakthrough in the annals of advice for those who seek justice and democracy. It asks (and not heavy-handedly): As long as you want to change the world, why not do it joyfully? It's not just funny. It's seriously funny. No joke." *Todd Gitlin*, author of *The Sixties* and *Occupy Nation*

A serious introduction to the use of nonviolent action to topple dictatorships. Based on the author's study, over a period of forty years, on non-violent methods of demonstration, it was originally published in 1993 in Thailand for distribution among Burmese dissidents.

Offers an account of a man who started wars, whose rhetoric whipped up Serb nationalism to a frenzy of "ethnic cleansing" and yet who retained for a decade the ability to wrap the "international community" round his little finger.

The Little Prince and nbsp;(French: and nbsp;Le Petit Prince) is a and nbsp;novella and nbsp;by French aristocrat, writer, and aviator and nbsp;Antoine de Saint-Exupéry. It was first published in English and French in the US by and nbsp;Reynal and amp; Hitchcock and nbsp;in April 1943, and posthumously in France following the and nbsp;liberation of France and nbsp;as Saint-Exupéry's works had been banned by the and nbsp;Vichy Regime. The story follows a young prince who visits various planets in space, including Earth, and addresses themes of loneliness, friendship, love, and loss. Despite its style as a children's book, and nbsp;The Little Prince and nbsp;makes observations about life, adults and human nature. The Little Prince and nbsp;became Saint-Exupéry's most successful work, selling an estimated 140 million copies worldwide, which makes it one of the and nbsp;best-selling and nbsp;and and nbsp;most translated books and nbsp;ever published. and nbsp;It has been translated into 301 languages and dialects. and nbsp;The Little Prince and nbsp;has been adapted to numerous art forms and media, including audio recordings, radio plays, live stage, film, television, ballet, and opera.

The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island.

Describes the growing economic relationship between China and developing African nations, claiming that the nation's lack of colonial past and political preconditions provides China a unique opportunity to help Africa direct its own fate.

This account of the rise and fall of Ethiopian emperor Haile Selassie is "an unforgettable, fiercely comic, and finally compassionate book" (Salman Rushdie, Man Booker Prize-winning author). After Haile Selassie was deposed in 1974, Ryszard Kapuściński Poland's top foreign correspondent went to Ethiopia to piece together a firsthand account of how the emperor governed his country, and why he finally fell from power. At great risk to himself, Kapuściński interviewed members of the imperial circle who had gone into hiding. The result is this remarkable book, in which Selassie's servants and closest associates share accounts "humorous, frightening, sad, grotesque" of a man living amidst nearly unimaginable pomp and luxury while his people teetered between hunger and starvation. It is a classic portrait of authoritarianism, and a fascinating story of a forty-four-year reign that ended with a coup d'état in 1974.

In Shah of Shahs Kapuscinski brings a mythographer's perspective and a novelist's virtuosity to bear on the overthrow of the last Shah of Iran, one of the most infamous of the United States' client-dictators, who resolved to transform his country into "a second America in a generation," only to be toppled virtually overnight. From his vantage point at the break-up of the old regime, Kapuscinski gives us a compelling history of conspiracy, repression, fanaticism, and revolution. Translated from the Polish by William R. Brand and Katarzyna Mroczkowska-Brand.
