The modern cruising catamaran has arrived The arguments are over and the verdict is in--cruising catamarans comprise a rapidly growing percentage of the cruising fleet worldwide. We take you on a journey along Europe's rivers and waterways, describing the highlights along the way - the historic cities and majestic scenery of the Danube, the castles of the romantic Rhine, and much more. This is followed by a brand new section on cruising the USA's rivers from the Mississippi to the Columbia and Snake, with detailed information on steamboats and the unique aspects of American river cruising. Also included are listings for over 300 river vessels, which are impartially rated, so that you can easily compare ships. - Unique product - this is the only full-colour guide to both European and American river cruising available - Detailed listings of over 300 riverships - Full-colour photography and mapping throughout About Berlitz: Berlitz draws on years of travel and language expertise to bring you a wide range of travel and language products, includingtravel guides, maps, phrase books, language-learning courses, dictionaries and kids' language products.

In As Long as It ' s Fun, the biography of Lin and Larry Pardey, Herb McCormick recounts their remarkable sailing career—from their early days in Southern California to their two circumnavigations to their current life in a quiet cove in New Zealand. Through interviews with their families, friends, and critics, McCormick delves deeply into the couple ' s often-controversial opinions, sometimes-tenuous marriage, and amazing list of accomplishments. As Long as It ' s Fun is as much a love story as it is a sea yarn, and, like all such stories, it ' s not without complications . . . which makes it not only a sailing tale but also a human one.

This classic study examines the deployment of U.S. naval vessels in European and Near Eastern waters from the end of the Civil War until the United States declared war in April 1917. Initially these ships were employed to visit various ports from the Baltic Sea to the eastern Mediterranean and Constantinople (today Istanbul), for the primary purpose of showing the flag. From the 1890s on, most of the need for the presence of the American warships occurred in the eastern Mediterranean and the Black Sea. Unrest in the Ottoman Empire and particularly the Muslim hostility and threats to Armenians led to calls for protection. This would continue into the years of World War I. In 1905, the Navy Department ended the permanent stationing of a squadron in European waters. From then until the U.S. declaration of war in 1917, individual ships, detached units, and special squadrons were at times deployed in European waters. In 1908, the converted yacht Scorpion was sent as station ship (stationnaire) to Constantinople where she would remain, operating in the eastern Mediterranean and Black Sea until 1928. Upon the outbreak of World War I, President Woodrow Wilson ordered cruisers to northern European waters and the Mediterranean to protect American interests. These warships, however, did more than protect American interests. They would evacuate thousands of refugees, American tourists, Armenians, Jews, and Italians after Italy entered the conflict on the side of the Allies.
