But now Spencer is on the run from mysterious and ruthless men. And he is hiding from a past he can't fully remember. On his trail is a shadowy security agency that answers to no one—including the U.S. government—and a man who considers himself a compassionate Angel of Death. and a chaser of the American Dream. He drives home his brand-new Corvette one day to discover a strange doll on his doorstep. It's a rag doll made entirely of white cloth, with no face or hair or clothes. Where the eyes should be, there are two crossed stitches of black thread. Five sets of crossed black stitches mark the mouth, and another pair form an X over the heart. He brings it into the house. That night, he hears an odd little popping sound and looks up to see the crossed stitches over the doll's heart breaking apart. When he picks up the doll, he feels something pulsing in its chest. Another thread unravels to reveal a reptilian green eye --and not a doll's eye, because it blinks. Tommy Phan pursues the thing as it scrambles away into his house -- and then is pursued by it as it evolves from a terrifying and vicious minikin into a hulking and formidable opponent bent on killing him. BONUS: This edition contains an excerpt from Dean Koontz's *The City*.

An award-winning author chronicles the settling of the Ohio River Valley, home to the defiant Shawnee Indians, who vow to defend their land against the seemingly unstoppable. They came on foot and by horseback, in wagons and on rafts, singly and by the score, restless, adventurous, enterprising, relentless, seeking a foothold on the future. European immigrants and American colonists, settlers and speculators, soldiers and missionaries, fugitives from justice and from despair--pioneers all, in the great and inexorable westward expansion defined at its heart by the majestic flow of the Ohio River. This is their story, a chronicle of monumental dimension, of resounding drama and impact set during a pivotal era in our history: the birth and growth of a nation. Drawing on a wealth of research, both scholarly and anecdotal--including letters, diaries, and journals of the era--Allan W. Eckert has delivered a landmark of historical authenticity, unprecedented in scope and detail.

Heart of Darkness is a short novel by Polish novelist Joseph Conrad, written as a frame narrative, about Charles Marlow's life as an ivory transporter down the Congo River in Central Africa. The river is "a mighty big river, that you could see on the map, resembling an immense snake uncoiled, with its head in the sea, its body at rest curving afar over a vast country, and its tail lost in the depths of the land." In the course of his travel in central Africa, Marlow becomes obsessed with Mr. Kurtz. The story is a complex exploration of the attitudes people hold on what constitutes a barbarian versus a civilized society and the attitudes on colonialism and racism that were part and parcel of European imperialism. Originally published as a three-part serial story, in *Blackwood's Magazine*, the novella *Heart of Darkness* has been variously published and translated into many languages. In 1998, the Modern Library ranked *Heart of Darkness* one of the hundred best novels in English of the twentieth century.

"The family elements in the story - the real struggles with marriage, raising a family, making a living, and just trying to enjoy life - have broadened the book's appeal to a wider audience, primarily women who are not into technology." DARK END OF SPECTRUM will make you think twice before turning on your cell phone or PDA! DARK END OF THE SPECTRUM is a frighteningly plausible and headline ripping tale of the real threats that loom in cyberspace and beyond with a Michael Crichton realism. Based on the author's years of research into the hacker culture. DARK END OF THE SPECTRUM is a thriller that will connect with everyone with a cell phone, PDA or wireless device. When a group of digital terrorists known as ICER take over the US power grid and the cell phone network, they give the government an ultimatum - bomb the borders of Afghanistan and Pakistan with nuclear weapons to put an end to Al-Quada or they will start downing commercial airliners. When the government refuses, ICER destroys most of the downed aircraft in airports all over the country. When ICER sends a pulse that will kill millions on the East Coast, only security expert Dan Riker can stop them, but ICER has kidnapped Dan's family. Will Dan save his family or will millions die?

"[Moore's] careful balance of the hard-bitten with the heartfelt is what elevates Long Bright River from entertaining page-turner to a book that makes you want to call someone you love." - The New York Times Book Review "This is police procedural and a thriller par excellence, one in which the city of Philadelphia itself is a character (think Boston and Mystic River). But it's also a literary tale narrated by a strong woman with a richly drawn personal life - powerful and genre-defying." - People "A thoughtful, powerful novel by a writer who displays enormous compassion for her characters. Long Bright River is an outstanding crime novel... I absolutely loved it." - Paula Hawkins, #1 New York Times- bestselling author of The Girl on the Train Two sisters travel the same streets, though their lives couldn't be more different. Then one of them goes missing. In a Philadelphia neighborhood rocked by the

opioid crisis, two once-inseparable sisters find themselves at odds. One, Kacey, lives on the streets in the vise of addiction. The other, Mickey, walks those same blocks on her police beat. They don't speak anymore, but Mickey never stops worrying about her sibling. Then Kacey disappears, suddenly, at the same time that a mysterious string of murders begins in Mickey's district, and Mickey becomes dangerously obsessed with finding the culprit--and her sister--before it's too late. Alternating its present-day mystery with the story of the sisters' childhood and adolescence, Long Bright River is at once heart-pounding and heart-wrenching: a gripping suspense novel that is also a moving story of sisters, addiction, and the formidable ties that persist between place, family, and fate.
