Deri “The Mistake” Crandall wants nothing more than the love and acceptance from a family. And for some reason it made me think of Harry Potter. That baby was dead. Vividly remembering the girl's mother, Boston is compelled to learn the truth about Cassidy's paternity. Can Boston and Ellie learn to forgive and forget so they can experience the love they never shared, or will child custody battles keep them apart forever'

Junior in college. Star athlete. Constant attention from the opposite sex. On this campus, I'm worshiped. While seven hundred miles away, back in my hometown, I'm still trailer park trash, child of the town tramp, and older sibling to three kids who are counting on me to keep my shit together so I can take them away from the same crappy life I grew up in. These two opposing sides of myself never mix until one person gets a glimpse of the true me. I never expected to connect with anyone like this or want more beyond one night. This may be the real deal.Problem is Dr. Kavanagh's my literature professor.If I start anything with a teacher and we're caught together, I might as well kiss my entire future goodbye, as well as my family's and especially Dr. Kavanagh's. Except sometimes love is worth risking everything. Or at least, it damn well better be, because I can only resist so much.

I don't care what my cousin says; I am not the queen of impossible relationships. I mean, just because my last boyfriend tried to kill me and left a bit of a scar on my neck, then forced me to move across the country and legally chngk my name to Reese Randall to escape him, does not mean- Oh, who am I kidding? For a freshman in college, I have to have the worst dating track record ever. It's no wonder love is the last thing on my mind when Mason Lowe enters my life. But the chemistry between us is like bam! Our connection defies logic. And he's just so freaking hot. Being around him makes me feel more alive than I've ever felt before. I even like bickering with him. He could be my soul mate...except for one teeny tiny glitch. He's a gigolo. Boy, do I know how to pick them.

Here's the same old “girl posing as a boy” story but with a rock-n-roll twist. Remy Curran dreams of one day being in a band, except the group she wants to join refuses to hire a girl drummer. So, she auditions as a guy...and makes the cut. Becoming “Sticks,” a member of Non-Castrato, isn't quite what she dreamed it would be, though. She spends most of her time keeping up the subterfuge and learning how to walk, talk, act, and drink like a man. But what's even harder to deal with is acting oblivious when the band's hearthrob lead singer, Asher Hart, treats her like one of the guys and not a woman. She never imagined he'd be so much more than a pretty face with a nice voice. But he's better than perfect. He's perfect for her. When love and lies combine, Remy must keep up the act or lose everything. But who knew lying to reach one dream could prevent you from attaining an even bigger dream?

THE TOMBOY Pilot B.J. Gilmore is Tommy Creek, Texas's tough tomboy who loves to fly planes and gamble and doesn't give a whip what anyone thinks or says about her—until Grady Rawlings steps into her life. PLUS THE WIDOWER Heir to an oil dynasty, Grady has inner demons to battle. Ever since his wife and unborn child died two and half years ago, he's developed a deep-seated hatred for sympathy and can't handle anyone feeling sorry for him or treating him like some pitiful widower. EQUALS TROUBLE IN TEXAS Grady hires B.J.'s plane service to fly him to Houston for an overnight business trip. While there, she coaxes him into accompanying her to a late dinner, where she decides it's time for him to move on with his life. A month later, she turns up pregnant with his baby, and neither of them is prepared for the chaos that follows.

Three things in my life were fact. I needed Sarah to survive. I needed sex to remain sane. And I could never mix sex with Sarah. I just knew—deep in my marrow—that if I did, I'd somehow lose her. All my deepest darkest secrets would crack open, bleed out, and ruin everything between us. I wouldn't unleash the shit inside me on my worst enemy, let alone her. So she stayed strictly in the friend zone. People probably thought I never went there with her because of her cerebral palsy, but f\*ck them. She knew she was the most important person in my world, and I wasn't about to risk hurting our relationship just to make my c\*ck happy. Until the moment she begged me to take her virginity. Now it's all about to hit the fan, because how the hell do you resist the one person forbidden to you when she says please? --Brandt Gamble

Let your hair down, Caroline, they said. It'll be fun, they said. I know I've closed myself off in a major way in the past year, ever since “the incident” where I messed up my life completely. It's past time I try to live again or just give up completely. But this is quite possibly the craziest thing I've ever done. In a last ditch effort to invigorate myself, I'm standing outside Oren Tenning's bedroom, I just peeled off the sexiest pair of underwear I own, and my hand is already raised to knock. My brother would disown me for doing anything with his best friend, and he'd probably kill Oren. But if I play my cards right, no one will ever know about this. Not even Ten. Maybe after tonight, I'll finally get over this stupid, irrational crush I hate having on the biggest jerk I've ever met. Or maybe I'll just end up falling for him even harder. Maybe I'll discover there's so much more to my crude, carefree hunk than meets the eye.

Once upon a time, there was this pampered rich girl who was kind of full of herself. She really only cared about appearances and hiding all her dark, ugly secrets under the guise of an opinionated snob. But then Eva Mercer got pregnant, shot by a psycho, and kicked out of the only home she knew. Now she's broke, unemployed, and has to start anew with a newborn to raise. But how? On the other side of town, sexy, tattooed orphan, Patrick Ryan, can't get a break. He's out on parole for defending the last damsel in distress while trying to help her support her child, but all he wants is to find his one true love. He knows this woman by scent, smile, and laugh, but he's never actually met her. He doesn't even know her name. He just knows she's the key to fixing everything. One kind of hero can save you from physical harm. Another can rescue you from a different kind of doom. To reach their dreams, Eva and Pick can save each other. But first, they must open their hearts and learn how to trust.
