Electric Hoses For Electrolux Central Vacuums. Electrolux Electric central vacuum hoses were developed with a series of both low-voltage and high-voltage wires integrated throughout the hose. The low-voltage wire is to conduct a signal from the hose to the Electrolux central vacuum system, turning the central vacuum on or off. The 110v, high-voltage wire is supplied to the hose via a pigtail cord or direct connect application on the wall end of the hose and provides electricity to the ...
