A wry, often affectionate view on the English, and how to navigate our national personality. 'In England everything is typical. If your train is late, it is typical. If there are no seats on the upper deck of a bus, it is typical. If it starts to rain at five o'clock just before you leave work, it is typical.' 'The English do not like to be wished "Have a nice day", because to them it sounds like a command. They think, Who the hell do you think you are to order me to have a nice day?' Ten years ago, Angela Kias arrived in the UK without a word of English. All she brought with her was a small bag, a sense of adventure, a desire to work and a copy of George Mikes' classic 1940s' humour book about the peculiarities of the British. How to be an Alien. Through every dodgy flat share, low-paid waitressing job, awkward date and office mishap, Angela held tight to George's wit and wisdom. With his help she began to understand how to live amongst the English - with their eccentricity, spirit and singing train drivers - and fell in love with a land rich in green spaces, pubs and puddings.

With an inability to sit still, a knack for handling uncomfortable travel, and a mission to see most of the world with as little time and money as possible, the author embarks on a whirlwind tour of five continents. His style of travel often incurs unexpected adventures, including sleeping with bums in Tokyo, Rome and Krakow; getting sick from street food in Amman and Shanghai; and being detained in small rooms by authorities in Cambodia, Siberia, Grenada and the United States. His travels take him from the beauty of Scandinavia, Tierra del Fuego and the Caribbean, to the shadier sides of Guyana, Pakistan and Kenya. In addition to the travelogue, "101 Countries" includes background information on places visited, discussions of different standards of living, and tips for independent travel.

The hilarious, poignant and sometimes bizarre stories of an extraordinary vet in rural France Sylvain Balteau works as a village vet in the Pyrenees. Equally at home with a sick hamster as with a pregnant Charolais cow, he is permanently on call, immersed in the daily dramas of animals and their people. Since 2007 he has kept a blog, revealing the hidden side of a vet's work and the rich variety of French rural life. As well as caring for the usual puppies and elderly cats, he tries to save a man's pet piglet and patches up hunting dogs after the annual wild boar hunt. Then he can be found carrying a newborn calf into a remote farmhouse to warm up by the fire, or pleading with a farmer's wife on the verge of a heart attack who insists that the vet see her sick cow first ... Through his work with their animals, Sylvain gains a privileged insight into the people who live with them. In this profound and unsentimental book, he discovers that, in order to love animals, you can't help but love people as well.
