Guests On Earth Lee Smith

Lee Smith | Guests on Earth. ~~Guests On Earth.~~ ~~Guests on Earth~~ is set at Highland Mental Hospital in Asheville, N.C., during the years 1936-1948, the year of the terrible fire in which Zelda Fitzgerald perished along with eight other women patients in a locked ward on the top floor. Her body was identified only by her charred ballet slipper---for the brilliant Zelda was still a talented dancer and choreographer as well as a writer and a visual artist.

Lee Smith | Guests on Earth
"Guests on Earth is a mesmerizing novel about a time and place where creativity and passion, theory and medicine, fact and fiction, are luminously intertwined." —BookPage "Indeed, most of the high spirited, rebellious, outspoken women who populate Guests on Earth would not now be considered insane at all. Smith's imaginative, layered story illuminates the complexity of their collective plight—to be put in towers until they had no choice but to behave—and rescues them one by one."

Guests on Earth by Lee Smith, Paperback | Barnes & Noble®
Guests on Earth by Lee Smith tells the story of Evalina, the child of a New Orleans exotic dancer. In 1936, left fatherless and orphaned, her mother's married ex-boyfriend assumes her care. While in his home, the first sign of mental illness presents itself, and she is sent to Highland Hospital in Ashville NC—a progressive insane asylum for the wealthy who call the residents guests.

Lee Smith is, of course, a national treasure, and this subtle and moving memoir enlarges my sense of the origins of her deep, wide work. Thousands have fallen in love with every word Lee Smith writes, and Dimestore will bring them new joy." —Frances Mayes, author of the bestselling Under the Tuscan Sun and Under Magnolia "Here's Lee Smith at ...

"Reading Lee Smith ranks among the great pleasures of American fiction . . . Gives evidence again of the grace and insight that distinguish her work." —Robert Stone, author of Death of the Black-Haired Girl It's 1936 when orphaned thirteen-year-old Evalina Toussaint is admitted to Highland Hospital, a mental institution in Asheville, North Carolina, known for its innovative treatments for nervous disorders and addictions. Taken under the wing of the hospital's most notable patient, Zelda Fitzgerald, Evalina witnesses cascading events that lead up to the tragic fire of 1948 that killed nine women in a locked ward, Zelda among them. Author Lee Smith has created, through a seamless blending of fiction and fact, a mesmerizing novel about a world apart—in which art and madness are luminously intertwined.

"When Sybill Hess drives over to the hypnotist's office, she hopes he can cure her of the headaches interrupting her sleep the way her friend Betty once saw a woman on TV cure a woman's stammer. But what Dr. Diamond uncovers from Sybill's subconscious goes much deeper than her nervousness over a new tenant who seems to want a date. A shocking memory from Sybill's past threatens to upend everything she thinks she knows about herself and her family. But is it even real?"--Back cover.

"The best novel so far by a writer whose growth has been steady and sure . . . [Oral History] tells the story of the Cantrell family and the odd curse that its members believe to have hung over them. It is a tale that begins in the late 19th century with Granny Younger, the midwife, and continues well into the 20th century through several generations of Cantrells; it is also a tale deeply rooted in the folk culture of the Appalachians, a tale that in the best tradition of folklore contains 'story upon story.'" -- The Washington Post Book World "A novel as dark, winding, complicated as the hill country itself. . . You could make comparisons to Faulkner and Carson McCullers, to The Sound and the Fury, As I Lay Dying, and Wuthering Heights. You could employ all those familiar ringing terms of praise: 'rare,' 'brilliant,' 'unforgettable.' But Lee Smith and Oral History make you wish all those phrases were fresh and new, that all those comparisons had never before been made. For this is a novel deserving of unique praise." -- The Village Voice "Deft and assured . . . She is clearly drunk on the language of Appalachia, on its stories and its people She is nothing less than masterly." -- The New York Times Book Review

A memoir that shines with a bright spirit, a generous heart and an entertaining knack for celebrating absurdity. The New York Times Book Review This is Smith at her finest. Library Journal, starred review Set deep in the mountains of Virginia, the Grundy of Lee Smith's youth was a place of coal miners, tent revivals, mountain music, drive-in theaters, and her daddy's dimstore. When she was sent off to college to gain some culture, she understood that perhaps the richest culture she would ever know was the one she was leaving. Lee Smith's fiction has always lived and breathed with the rhythms and people of the Appalachian South. But never before has she written her own story. Dimstore's fifteen essays are crushingly honest, wise and perceptive, and superbly entertaining. Together, they create an inspiring story of the birth of a writer and a poignant look at a way of life that has all but vanished.

"A tour de force." LOS ANGELES TIMES Ivy Rowe may not have much education, but her thoughts are classic, and her experiences are fascinating. Born near the turn of the century in the Virginia Mountains, Ivy's story is told completely through letters she is forever writing, and that you will forever want to read.... "Few readers will be dry-eyed as they watch this extraordinary woman disappear around that last bend in the road." CHICAGO TRIBUNE

Now back in print from the New York Times bestselling author of The Last Girls. It was in 1833 or '34 that Moses Bailey brought young Kate Malone down to Cold Spring Holler to be his wife. But Moses, wanting to become a preacher like his daddy was, left Kate time and again to look after the kids while he went out in search of a sign from God. Though he warned them about the evils of playing the fiddle, a kind of music he likened to the devil's own laughter, it passed the time for his bride and children, and soon became not just a way of life for the Baileys, but a curse that would last for generations.

Thirty-five years after a trip down the Mississippi on a raft with their classmates, four women are reunited to cruise the river once again where they plan to release the ashes of a fellow rafter, Margaret "Baby" Ballou.

A first collection of short stories, marked by intimate detail and rich setting, features small-town southern characters whose full emotional lives have been textured by their upbringings and special livelihoods

Lee Smith is a "teller of tales for tale tellers to admire and envy . . . [and] a reader's dream" (Houston Chronicle). A celebrated and bestselling writer with a dozen novels under her name, including Fair and Tender Ladies, Oral History, and The Last Girls, she is just as widely recognized for her exceptional short stories. Here, in Mrs. Darcy and the Blue-Eyed Stranger, Smith collects seven brand-new stories along with seven of her favorites from three earlier collections. The result? A book of dazzling richness. As the New York Times Book Review put it, "In almost every one of [her stories] there is a moment of vision, or love, or unclothed wonder that transforms something plain into something transcendent."

On a patched-up family vacation to Key West, a young girl seeks out movie stars and redemption for her fractured family.
