In the History of the World, Updated, J. M. Roberts has revised his monumental previous work, History of the World, taking into account the great range of discoveries that have altered our views on everything from early civilizations to post-Cold War globalism. Large portions of text have been rewritten, addressing events as recent as the relationship between the Arab and Western worlds in the wake of the September 11 attacks.

~~The Penguin History of the Twentieth Century by J. M. ---~~

World history or global history as a field of historical study examines history from a global perspective. It emerged centuries ago; leading practitioners have included Voltaire (1694-1778), Hegel (1770-1831), Karl Marx (1818-1883) and Arnold J. Toynbee (1889-1975). The field became much more active (in terms of university teaching, text books, scholarly journals, and academic associations) in ...

It's probably the best book to start with. If you tell us more specifically, what you are looking for, we may be able to give you better recommendations. For general world history, A World History by Clive Ponting is quite good too. It focuses more on the "East", while Roberts' focus is the "West".

A sweeping history of the world traces civilization from the early hominids to the present, discussing such milestones as the emergence of Mesopotamian civilization, early arts and engineering firsts, exploration, the French Revolution, and many other top

"The fifth revised edition was published in Great Britain as The new Penguin history of the world by Penguin Press/Allen Lane, 2012"--Title page verso.

Vividly written, this "scholarly examination . . . of the major events of the past" ("The Bookwatch") brings the outstanding breadth of scholarship and international scope of the larger "History of the World" within the grasp of every home, school, and library. Roberts brilliantly tells the story of the growing power of humans to remake the world and to control their destinies.

This is a completely new and updated edition of J. M. Roberts and Odd Arne Westad's widely acclaimed, landmark bestseller The Penguin History of the World. For generations of readers The Penguin History of the World has been one of the great cultural experiences - the entire story of human endeavour laid out in all its grandeur and folly, drama and pain in a single authoritative book. Now, for the first time, it has been completely overhauled for its 6th edition - not just bringing it up to date, but revising it throughout in the light of new research and discoveries, such as the revolution in our understanding of many civilizations in the Ancient World. The closing sections of the book reflect what now seems to be the inexorable rise of Asia and the increasingly troubled situation in the West. About the authors: J.M. Roberts, CBE, published The Penguin History of the World in 1976 to immediate acclaim. His other major books include The Paris Commune from the Right, The Triumph of the West (which was also a successful television series), The Penguin History of Europe and The Penguin History of the Twentieth Century. He died in 2003. Odd Arne Westad, FBA, is Professor of International History at the London School of Economics. He has published fifteen books on modern and contemporary international history, among them The Global Cold War, which won the Bancroft Prize, and Decisive Encounters, a standard history of the Chinese civil war. He also served as general co-editor of the Cambridge History of the Cold War. Reviews 'A work of outstanding breadth of scholarship and penetrating judgements. There is nothing better of its kind' Jonathan Sumption, Sunday Telegraph 'A stupendous achievement' A.J.P. Taylor 'A brilliant book ... the most outstanding history of the world yet written' J.H. Plumb

The completely updated edition of J. M. He also served as general co-editor of the Cambridge History of the Cold War.

A superb history of the world's people during the last four million years, beginning before the human race moved out of Africa to explore and settle the other continents. Mr. Blainey explores the development of technology and skills, the rise of major religions, and the role of geography, considering both the larger patterns and the individual nature of history. A delightful read, gracefully written, and full of odd and interesting pieces of information as well as thoughtful comparisons that span both time and space. —William L. O'Neill

Comprehensive in its scope and brilliantly readable, this is a superb follow-up to the author's bestselling Penguin History of the World. Beginning with prehistory and the early civilizations of the Aegean, The Penguin History of Europe traces the development of European identity in its many guises, through the age of Christendom, the Middle Ages, early Modern history and the old European order.

One of the most extraordinary history bestsellers on the Penguin list, John Roberts's book has now been updated by Odd Arne Westad to make sure it keeps its amazing appeal to a new generation of readers. 'A stupendous achievement ... the unrivalled World History for our day. It extends over all ages and all continents. It covers the forgotten experiences of ordinary people as well as chronicling the acts of those in power. It is unbelievably accurate in its facts and almost incontestable in its judgements' A. J. P. Taylor, Observer

A all-encompassing look at the twentieth century by a respected historian examines the most influential events of the last hundred years in chronological order with an eye toward the long-term changes that have occurred because of them . Originally published as Twentieth Century. Reprint.

This dazzling overview of a turbulent century explores both dramatic events and underlying trends. Despite a terrible two-stage 'European civil war' and the traumatic rise and fall of communism, wealth has increased dramatically alongside a four-fold leap in population, women's lives have been transformed, America has assumed undisputed political and cultural leadership. The Penguin History of the Twentieth Century is powerful, international and definitive.
