rapidly changing European welfare states. Leading academics analyse concrete changes in social rights and citizenship roles, and offer theoretical investigations of citizenship and the welfare state. Issues discussed include:

- citizenship versus residence as a basis for social rights
- the relationship between rights and obligations
- workers rights and non-workers rights
- exclusion and inclusion in the labour market and community life
- the relationship between social and political citizenship
- poverty and social exclusion
- new roles for citizens as clients, consumers and participants in the welfare state
