The terror organization Leviathan has transformed from a Batman menace to a global DC Universe threat, and Clark Kent is hot on their trail. But even Superman may be in for more than he bargained for as Leviathan undergoes a hostile takeover by a new, mysterious player. Someone has outmaneuvered the current leader, Talia al Ghul, along with the leaders of Kobra, the DEO and even the queen of the spy game, Amanda Waller herself. All bets are off as the players make themselves known in the universe-changing Leviathan event! Collects ACTION COMICS #1007-1011 and material from SUPERMAN: LEVIATHAN RISING #1.

The main purpose of the book is to explore basic music theory so thoroughly that the interested student will then be able to easily pick up whatever further theory is wanted. Music history and the physics of sound are included to the extent that they shed light on music theory. The main premise of this course is that a better understanding of where the basics come from will lead to better and faster comprehension of more complex ideas. It also helps to remember, however, that music theory is a bit like grammar. Catherine Schmidt-Hones is a music teacher from Champaign, Illinois and she has been a pioneer in open education since 2004. She is currently a doctoral candidate at the University of Illinois in the Open Online Education program with a focus in Curriculum and Instruction.
