This unique book takes silence as its central concept and questions the range of meanings and values which inform the idea as it impinges on the creative process and its content and contexts. The thematic core of silence allows a consideration of silencing and silence as opposite ends of a spectrum: one shutting down, the other enabling and opening up. As a multidisciplinary collection of essays derived from the teaching and implementation of Creative Writing at university level, the contributors consider silence as strategic, both through the need for silence and as something which compels resistance. They explore how writing has employed images and tropes of silence in the past, and used silence and gaps technically. In considering marginalised and forgotten voices, this book shows how writers bring their diverse range of backgrounds and experience to work with and against silence in Creative Writing Studies. The first theoretical work on silence in Creative Writing, this field-shifting book is an essential read for both practitioners and students of Creative Writing at the higher education level.

Programming WCF Services is the authoritative, bestselling guide to Microsoft ' s unified platform for developing modern, service-oriented applications on Windows. Hailed as the definitive treatment of WCF, this guide provides unique insight, rather than documentation, to help you learn the topics and skills you need for building maintainable, extensible, and reusable WCF-based applications. Authors Juval Löwy—one of the world ' s top .NET experts—and Michael Montgomery have revised this edition to include the productivity-enhancing features of .NET Framework 4.6, along with the latest WCF ideas and techniques. By teaching you the why and the how of WCF programming, this book will help you master WCF and make you a better software engineer. Learn WCF ' s architecture and essential building blocks, including key concepts such as reliability and transport sessions Use built-in features such as service contracts, instance and concurrency management, transactions, queued services, and security Increase the quality of your WCF services by using design options, tips, and best practices in Löwy ' s ServiceModelEx framework Understand the rationale behind particular design decisions, and rarely understood aspects of WCF development Learn why Azure Service Fabric is the killer app for modern DevOps

Haynes has discovered all the problems that motorcycle owners could possibly encounter when rebuilding or repairing their bikes. Documenting the most common DIY fixes with hundreds of illustrations and step-by-step instructions, this compendium of repair, modification and troubleshooting advice is applicable to all domestic and import marques.

With a Haynes manual, you can do it yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the motorcycle. We learn the best ways to do a job and that makes it quicker, easier and cheaper for you. Our books have clear instructions and plenty of photographs that show each step. Whether you 're a beginner or a pro, you can save big with Haynes! Complete coverage for your 1994 thru 2001 Ducati 748, 916 & 996 V-Twins (excluding 748R and 996R models): --Routine Maintenance and servicing --Tune-up procedures --Engine, clutch and transmission repair --Cooling system --Fuel and exhaust --Ignition and electrical systems --Brakes, wheels and tires --Steering, suspension and final drive --Frame and bodywork --Wiring diagrams --Reference Section

When Ohio governor John Kasich ran for president, his powerful message of hope and togetherness struck a chord with American voters. In *Two Paths: America Divided or United*, he carries that message forward by reflecting on the tumultuous 2016 campaign, sharing his concerns for America and his hopes for our future, and sounding a clarion call to reason and purpose, humility and dignity, righteousness and calm. “ The country never looked so grand and magnificent as it did from ten thousand feet, ” he writes of his time on the campaign trail, “ and it was always a thrilling, faith-affirming thing to look out our window and see the sun splashing across Bryce Canyon in Utah, or the lights of the New York skyline at night as we flew past the Statue of Liberty, or an open field in the heartland that ran as far as our eyes could see.... I ' d look out and think what an honor it would be to lead this great nation, what a blessing. ” To be sure, the full story of the 2016 Presidential race will be written over time, but to understand what it was to be on the front lines of one of the most divisive and corrosive campaign battlegrounds in history, readers won ' t find a richer, more thoughtful firsthand account than this one—a frank, refreshing assessment of the American dynamic and a clear path we might follow toward a more promising tomorrow. As Governor Kasich reminds us in these pages, America is great because America is good—and because Americans have stayed true to who we are: one nation, under God, indivisible.
