" —CHARLES YU Recommended by Popsugar • Bustle • Goodreads • Tor • Mashable • BookBub • io9 Gizmodo • Lambda Literary • BookRiot • CrimeReads • The Nerd Daily • and many more! For fans of The Invisible Life of Addie LaRue and Life After Life, a poignant genre-bending debut novel about a man and woman who must discover why they continue to meet in different versions of their lives—a thrilling and imaginative exploration of the infinite forms of love and how our choices can change everything. Thora and Santi meet in a chance encounter. At once, they recognize in each other a kindred spirit—someone who is longing for more in life than the cards they've been dealt. Before their friendship can blossom, though, a tragic accident cuts their story short. They will meet again. But this is only one of the many connections they share. Like satellites trapped in orbit around each other, Thora and Santi will find each other again: as husband and wife, teacher and student, caretaker and patient, cynic and believer. In recurring lifetimes they become friends, partners, lovers, and enemies. Only they can make sure it's not for the last time. As strange patterns and blurred memories compound, Thora and Santi come to a shocking revelation. They must work together to discover the true reason behind their repeating realities. . . before their many lives come to one, final end.

Funny Bones tells the story of how the amusing calaveras—skeletons performing various everyday or festive activities—came to be. They are the creation of Mexican artist José Guadalupe (Lupe) Posada (1852 –1913). In a country that was not known for freedom of speech, he first drew political cartoons, much to the amusement of the local population but not the politicians. He continued to draw cartoons throughout much of his life, but he is best known today for his calavera drawings. They have become synonymous with Mexico's Día de los Muertos (Day of the Dead) festival. Juxtaposing his own art with that of Lupe's, author Duncan Tonatiuh brings to light the remarkable life and work of a man whose art is beloved by many but whose name has remained in obscurity. The book includes an author's note, bibliography, glossary, and index.

From the author of You Must Not Miss comes a haunting contemporary horror novel that explores themes of mental illness, rage, and grief, twisted with spine-chilling elements of Stephen King and Agatha Christie. Following her father's death, Jane North-Robinson and her mom move from sunny California to the dreary, dilapidated old house in Maine where her mother grew up. All they want is a fresh start, but behind North Manor's doors lurks a history that leaves them feeling more alone. . . and more tormented. As the cold New England autumn arrives, and Jane settles in to her new home, she finds solace in old books and memories of her dad. She steadily begins making new friends, but also faces bullying from the resident "bad seed," struggling to tamp down her own worst nature in response. Jane's mom also seems to be spiraling with the return of her childhood home, but she won't reveal why. Then Jane discovers that the "storage room" her mom has kept locked isn't for storage at all -- it's a little girl's bedroom, left untouched for years and not quite as empty of inhabitants as it appears. . . Is it grief? Mental illness? Or something more. . . horrid?

Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, "Latinx." She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the "Las Poderosas" who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how "Latinx" has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, Finding Latinx calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

Spells and prophecies sew havoc in the fight for humankind in the 4th novel of the #1 New York Times bestselling author's epic fantasy series. Having taken his rightful place as Lord Rahl, ruler of D'Hara, Richard must once again postpone his wedding to Kahlan Amnell in order to face the fearsome Imperial Order in a fight for the New World and the freedom of humankind. But while Richard has the brave people of D'Hara at his command, Emperor Jagang of the Imperial Order has a significant advantage: he doesn't fight fair. Jagang invokes a prophecy that binds Richard and Kahlan to a fate of pain, betrayal, and a path to the Underworld. At Jagang's behest, a Sister of the Dark gains access into the fabled Temple of the Winds and unleashes a plague that sweeps across the lands like a firestorm. To stop the plague, Richard and Kahlan must risk everything they have—and everything they've hoped for.

The unforgettable memoir of a woman at the front lines of the civil rights movement—a harrowing account of black life in the rural South and a powerful affirmation of one person's ability to affect change. "Anne Moody's autobiography is an eloquent, moving testimonial to her courage." —Chicago Tribune Born to a poor couple who were tenant farmers on a plantation in Mississippi, Anne Moody lived through some of the most dangerous days of the pre-civil rights era in the South. The week before she began high school came the news of Emmet Till's lynching. Before then, she had "known the fear of hunger, hell, and the Devil. But now there was. . . the fear of being killed just because I was black." In that moment was born the passion for freedom and justice that would change her life. A straight-A student who realized her dream of going to college when she won a basketball scholarship, she finally dared to join the NAACP in her junior year. Through the NAACP and later through CORE and SNCC, she experienced firsthand the demonstrations and sit-ins that were the mainstay of the civil rights movement—and the arrests and jailings, the shotguns, fire hoses, police dogs, billy clubs, and deadly force that were used to destroy it. A deeply personal story but also a portrait of a turning point in our nation's destiny, this autobiography lets us see history in the making, through the eyes of one of the footsoldiers in the civil rights movement. Praise for Coming of Age in Mississippi "A history of our time, seen from the bottom up, through the eyes of someone who decided for herself that things had to be changed. . . a timely reminder that we cannot now relax." —Senator Edward Kennedy, The New York Times Book Review "Something is new here. . . rural southern black life begins to speak. It hits the page like a natural force, crude and undeniable and, against all principles of beauty, beautiful." —The Nation "Engrossing, sensitive, beautiful. . . so candid, so honest, and so touching, as to make it virtually impossible to put down." —San Francisco Sun-Reporter
