With so many things to enjoy, and so many ways to ask—and talk—about them, it's a snapshot of an ordinary day in a world that's anything but. The humorous adventures of an irresistible little rock who finds herself in constantly changing circumstances, this stylish board book celebrates the power of believing in yourself. Petra is a little rock who believes she is a mighty mountain . . . until a dog fetches her for its owner, and she is tossed into a bird's nest. A mountain? No, Petra is now an egg! An egg of the world in a world of possibility. Until she's flung into a pond, and becomes an amazing island . . . and, eventually, a little girl's pet rock. What will she be tomorrow? Who knows? But she's a rock, and this is how she rolls!

From the award-winning creator of Shh! We Have a Plan comes a vibrantly colorful story about mustering the courage to try something new. Little Crab and Very Big Crab live in a tiny rock pool near the sea. Today they're going for a dip in the big ocean. "This is going to be so great," says Little Crab, splish-splashing and squelch-squelching along, all the way to the very edge. Then comes a first glance down at the waves. WHOOSH! Maybe it's better if they don't go in? With vivid colors, bold shapes, and his trademark visual humor, Chris Haughton shows that sometimes a gentle "don't worry, I'm here" can keep tentative little crabs sidestepping ahead -- and help them discover the brilliant worlds that await when they take the plunge.

From beloved children's author and illustrator Tony Ross, comes a fun to read and humorous take on the importance of handwashing. The Little Princess does not want to wash her hands. After all, she's already washed her hands so many times! She's washed her hands before eating and after going outside. She's washed her hands after sneezing and using the potty. Why should she wash her hands anymore? Well, because of germs and nasties, she's told, which are too small to even see! But if they get inside your body, they can make you ill. Not even a Princess wants to be in bed all day! Now the Little Princess knows just what to do! She's got just one more question... "Have you washed your hands?"

The Hittite language is the earliest preserved member of the Indo-European family of languages. It was written on clay tablets in central Asia Minor over a five hundred year span (ca. 1650-1180 B.C.) which witnessed the rise, the flourish, and the decline of many political powers in the Near East. It is studied today for a wide variety of reasons. Historical linguists seek information in Hittite texts to elucidate the relationships between the various member languages of the Indo-European family, as well as the probable structure of their common parents. Proto-Indo-European. Historians find in Hittite annals, treaties, royal edicts, and political correspondence information of great value in reconstructing the sequence of events on the international scene of mid-second-millennium Western Asia. Anthropologists, mythographers, and students of comparative religion mine the riches of Hittite religious texts: myth, magic rituals to cure ailments, festivals to worship the gods of the empire. Students of the history of law discover ancient precedents for legal procedures which have survived to this day. All of these interested researchers share a dependence upon the written texts. None can penetrate further than our limited understanding of this language allows. [From the Preface, CHD L-N, p. ix].

After meeting lively aviatrix Linka Perflinger, watchmaker mouse Hermux Tantamoq falls desperately in love, so when she disappears, he sets out to search for her and finds himself in way over his head. Reissue.
