book and provides a detailed and apparently impartial account of the events that eventually led to peace and stability. What was a flaw for me may very well be a strength to readers with a greater interest in or familiarity with the subject.

Making Sense of the Troubles: The Story of the Conflict in ...

A brisk review of The Troubles written fairly well and finely researched. If you're looking for a primer on this era, Making Sense of The Troubles is a great place to start. The authors cover all major events of the period, delving deeper into some than others, doing a particularly good job on the peace process.

by far the clearest account of what has happened through the years in the Northern Ireland conflict, and why. Mr. McKittrick and Mr. McVea tell the story clearly, concisely, and, above all, fairly. The book includes a detailed chronology, statistical tables, and a glossary of terms. "If you want a frank, accurate and authoritative account you cannot do much better.... Likely to be the definitive account." Irish Independent."

First published ten years ago, Making Sense of the Troubles is widely regarded as the most comprehensive, considered and compassionate history of the Troubles in Northern Ireland. late 60s, and the three terrible decades that followed. David McKittrick and David McVea have now fully updated the book to take into account the momentous events of the last ten years, including the disbanding of the IRA, Ian Paisley's deal with the Republicans and the historic power-sharing government in Belfast. 'Indispensable for anyone who wants an account of the whole period.' Jonathan Powell, Tony Blair's chief negotiator with Sinn Fein and the IRA 'McKittrick is one of the most respected of journalists and McVea is an experienced, highly knowledgeable politics teacher. The style is lucid and accessible, showing admirable balance and calmness.' Professor Richard English 'A vivid, coherent, fair account of this incoherent and violently unfair period. Its chronology is a rich tapestry in its own right.' Observer

After working for the Irish Times and BBC he has been Ireland correspondent of the London Independent since 1985. Awards include the Orwell Prize, correspondent of the year and Belfast journalist of the year. David McVea graduated in politics and modern history from Queen's University, Belfast, and has an MA from Sussex University. He was head of the politics department of a Belfast grammar school where he taught both history and political studies.

The Troubles claimed the lives of almost four thousand people in Northern Ireland, most of them civilians; forty-five thousand were injured in bombings and shootings. Relative to population size this was the most intense conflict experienced in Western Europe since the end of the Second World War.

The central question posed in this book is fundamental, yet it is one that has rarely been asked: Who was primarily responsible for the prosecution of the Troubles and their attendant toll of the dead, the injured, and the emotionally traumatized? Liam Kennedy, who lived in Belfast throughout most of the conflict, was long afraid to raise the question and its implications. After years of reflection and research on the matter he has brought together elements of history, politics, sociology, and social psychology to identify the collective actors who drove the conflict onwards for more than three decades, from the days of the civil rights movement in the late 1960s to the signing of the Good Friday Agreement in 1998. The Troubles in Northern Ireland are a world-class problem in miniature. The combustible mix of national, ethnic, and

Conflict sectarian passions that went into the making of the conflict has its parallels today in other parts of the world. Who Was Responsible for the Troubles? is an original and controversial work that captures the terror and the pain but also the hope of life and the pursuit of happiness in a deeply divided society.

Since the 1970s, people have been murdering their neighbors in Northern Ireland. This book is the true account of the small-town violence and terror which lies behind the headlines.

This is a unique work filled with passion and violence, with humanity and inhumanity. It is the story of the Northern Ireland troubles told through the lives of those who have suffered and the deaths which have resulted from the conflict.

For ten years Kevin Toolis investigated the lives of the IRA soldiers who wage a secret battle against the British State. His journeys took him from the back kitchens of Belfast, where men joked while making two-thousand-pound bombs, to prisons for interviews with men serving life sentences, and to the graveyards where mourners weep. Each chapter explores a world where history, faith, and human savagery determine life and death. At once moving and harrowing, *Rebel Hearts* is the most authoritative and insightful book ever written on the IRA.

as represented by the Ulster Volunteer Force (UVF), the Red Hand Commando (RHC) and their political allies. In an unorthodox account, Tony Novosel argues that these groups, seen as implacable enemies by Republicans and the left, did develop a political analysis of the Northern Ireland conflict in the 1970s which involved a compromise peace with all political parties and warring factions – something that historians and writers have largely ignored. Distinctive, deeply informed and provocative, Northern Ireland's Lost Opportunity is the first study to focus not on the violent actions of the UVF/RHC but on their political vision and program which, Novosel argues, included the potential for a viable peace based on compromise with all groups, including the Irish Republican Army.

"A narrative about a notorious killing that took place in Northern Ireland during The Troubles and its devastating repercussions to this day"--

On 14 August 1969, at the age of 14, Michael McCann and his family fled their home. Life changed totally for the McCanns and the entire nationalist community. Thousands of innocent people vacated their homes, driven out by the initial pogrom and then by the ongoing campaign of expulsion by loyalist violence and intimidation. The British army occupation and the continuing violence utterly devastated communities on a monumental scale. *Burnt Out: How the Troubles Began*, shows how the truth became one of the first casualties of the

Bookmark File PDF Making Sense Of The Troubles A History Of The Northern Ireland

horrific events of August 1969. It examines the prominent role of state forces and the unionist government in the violence that erupted in Derry and Belfast and assesses how and why the violence began and generated three decades of subsequent brutality. Against a mountain of contrary evidence, many still choose to blame the violence on the commemoration of the Easter Rising in 1966 and the efforts of the nationalist community to defend themselves on two hellish August nights in the late summer of 1969. *Burnt Out: How the Troubles Began*, is essential reading for anybody interested in the outbreak and causes of 'the Troubles'.
