Commercial Transactions: A Systems Approach explores the nuances of transaction law from a systems' perspective, examining the infrastructure that supports commercial transactions and how lawyers apply the law in real-world situations. The outstanding team of co-authors uses an assignment-based structure that allows professors to adapt the text to a variety of class levels and approaches. Well-crafted problems challenge students' understanding of the material in this comprehensive, highly teachable text. New to the Seventh Edition: 25 new cases spread across all three major parts of the text More than 50 new problems in the Sales material Updated and revised discussion of proceeds issues in bankruptcy Revisions through the book to reflect new technologies Professors and students will benefit from: Easy-to-teach materials with class sessions that flow naturally from bite-sized assignments, each with a problem set Comprehensive Teachers' Manual that provides answers to every question we ask Accessible authors who are happy to interact directly and on short notice with adopters Assignment structure that makes it easy to select topics for coverage The opportunity for adopters to become characters in the book Information-rich, concise text Clear explanations of the law and institutions - no hiding of the ball Having all the information students need to solve the problems A focus on the things students need to know to succeed in their future jobs A real-life approach that prepares students for practice

Emphasizing the institutions and the mechanisms that participants use in the marketplace to conduct transactions, Daniel Keating's "Systems Approach" provides a functional perspective of Articles 2 and 2A of the Uniform Commercial Code in practice. Comprehensive, problem-based coverage encompasses the domestic sale of goods, real estate sales, leases, and international sales. Thoughtful problems for students incorporate insights from this distinguished author's interviews with leading figures in commerce as well as from actual sales forms and documents. News stories further illustrate, in real-world examples, how the system works in practice. Organized by Assignments, this engaging casebook lends flexibility in teaching and course design. New to the 7th Edition: The most significant revision ever. This edition has 15 new primary cases as well as 80 new problems at the end of the 28 assignments. The addition of 40 new formative assessment questions and explanations bring the total assessment questions for the book to more than 100. Updates to the Teacher's Manual, with nearly 350 helpful pages including syllabus suggestions, in-depth answers to each problem, and four complete essay exams and model answers. Three important and recently decided federal appellate cases have been added: VLM Food Trading Int'l, Inc. v. Illinois Trading Co. (7th Cir. 2016) (analyzing battle of the forms case under the CISG); Lincoln Composites, Inc. v. Firetrace USA, LLC (8th Cir. 2016) (defining when an exclusive remedy "fails of its essential purpose" under UCC §2-719, and also discussing how to measure breach of warranty damages for accepted goods under UCC §2-714); and Zaretsky v. William Goldberg Diamond Corp. (clarifying which merchants "deal in goods of the kind" for purposes of UCC §2-403(2)) Professors and students will benefit from: A problem method that forces students to engage in the most productive level of learning during classroom time: applying the law to new facts. In-depth Teacher's Manual enables instructors to be well-equipped to guide students through the problems. An author who is always happy to interact directly and on short notice with casebook adopters by phone or email regarding any questions on any material in the book. Concise text that explains the law clearly so that students can successfully answer the problems for class. Extensive interviews with various players in the sales system giving the material a real-world relevance that students particularly appreciate. More than 100 multiple-choice assessment questions with detailed explanations to help students measure and clarify their understanding of the material as they go along, consistent with the requirements of new ABA Standard 314 on the need for formative assessment tools in the law school curriculum.
