An extraordinary, explicitly masculine journey, *Men In Love* develops a startlingly honest portrayal of what it means to be a man in contemporary America. Here are the unexpurgated dreams, fantasies and fetishes that excite and obsess men today. In creating this historic study, Nancy Friday listened--without disapproval, apology or censorship--to the candid responses of thousands of men aged fourteen through sixty. She gave them a legitimate arena where they could share their "secret gardens"--the hidden and forbidden but nonetheless real and true. Much more than a litany of erotica, this unique volume doesn't tell us how men should love. It tells us how men do love--a stunning insight into the desires that dwell within men's psyches... and their hearts.
