Perkins Engine 1000 series timing cover and seal fitting, Massey Ferguson TractorPerkins Diesel Engine Timing Marks

To check the pump timing, the timing mark is as you said under the rubber plug, left hand side of the engine roughly straight back from the end of the injector pump, rotate the engine till number one cylinder is on compression check the timing mark on the flywheel and when you can see TDC, turn the engine BACK one half revolution then slowly crank the engine forward again till you see 24 degrees BTDC.

Perkins Diesel Engine Timing Marks - repo.koditips.com

This bulletin from Foley Engines can be used to assist you in timing a Perkins diesel 4.108, 4.236, 4.248 and 6.354 engine. Certain measures need to be taken when removing the fuel injection pump as well installing it. Removal: First, before removing the injection pump make sure you can still see the scribe mark that Perkins put on the engine block. This can be found on the engine block just under the injection pump flange.
