For fans of James Rollins and Matthew Reilly comes a gripping, globe-spanning adventure in Andy McDermott's thrilling series featuring American archaeologist Nina Wilde and ex-SAS bodyguard Eddie Chase. History's most sought after treasure is now mankind's worst fear. In Los Angeles, a desperate man seeks out renowned archaeologist Nina Wilde

Online Library Piaggio Ape Engine

and her husband, ex-SAS soldier Eddie Chase—only to be gunned down in front of them. The assassin is soon identified as a ninety-year-old Nazi war criminal—with the body of a healthy forty-year-old. Following the victim's final warnings, Nina and Eddie travel to Cairo to inspect the newly discovered tomb of Alexander the Great. But the real find is hidden in one of its treasures—a mechanical guide leading to one of antiquity's most tantalizing myths: a spring of water said to give eternal life to those who drink it. Nina, Eddie, and a team of Mossad agents realize that the myth is real, and that a group of former SS men who have tasted this water are now hunting for its source. But before they can act, Nina is kidnapped and spirited away to a secret Nazi enclave in Argentina, igniting a fierce, fateful, globe-spanning struggle in

Online Library Piaggio Ape Engine

which her life hangs in the balance. All the while a terrifying possibility emerges—that the world’s darkest evil could live on forever. Praise for the novels of Andy McDermott —Raises the bar to please adventure junkies who prefer to mainline their action.—Publishers Weekly (starred review), on *The Hunt for Atlantis* —A fun, action-filled James Bond/Indiana Jones—esque story.—Geek Speak Magazine, on *Return to Atlantis* —Adventure stories don’t get much more epic than this.—Daily Mirror (U.K.) Praise for *Kingdom of Darkness* —When it comes to archaeological adventure thrillers, I’m not sure that there’s anyone writing in the genre today who is stronger, smarter, or more consistent than Andy McDermott. His Nina Wilde and Eddie Chase series is like a mixture of Indiana Jones, James Bond, Dirk Pitt, and Jack Bauer. . . . *Kingdom of Darkness* is

Online Library Piaggio Ape Engine

smart, clever, and exciting stuff. . . . If you're looking for a solid archaeological adventure that is as committed to the history as to the thrills, then this is definitely worth a read. Beauty in Ruins Nonstop, relentless extreme action . . . [McDermott's] thrillers have become increasingly accomplished, confident and rounded. The characters of Nina and Eddie are so well developed they appear almost to have a life of their own and their story has become arguably the most important aspect of the books. The plots are always exciting, pacey and gobsmacking [and] the runaway train action is matched by heart, with many laugh-out-loud lines as well as other scenes of devastating sadness or cruelty. What a fantastic series! For Winter Nights As ever, Andy McDermott mixes high-action car chases, gun battles and

Online Library Piaggio Ape Engine

mysterious quests, then shakes them well to provide an explosive cocktail. A breakneck running battle on a speeding train is an absolute classic, reminiscent of Bond films at their best. Crime Review An excellent thriller, exhausting, laugh-out-loud funny and gobsmackingly heartbreaking. If you like high octane thrillers then you cannot miss this book. Parmenion Books

A celebration of the many motor trikes and three-wheeled motorcycles produced since the early days of motoring. Taking us right up to the present day, this book covers a wide range of machines from mild to wild, accompanied by original colour photographs. Featuring easy-to-read captions with minimum jargon: it will delight both enthusiasts and the

novices alike.

Everything around us is designed and the word 'design' has become part of our everyday experience. But how much do we know about it? Fifty Cars That Changed the World imparts that knowledge listing the top 50 cars that have made a substantial impact in the world of British design today. From the 1908 Ford Model T to the 1998 smart car, each entry offers a short appraisal to explore what has made their iconic status to give them a special place in design history.

Everything around us is designed and the word 'design' has become part of our everyday experience. But how much do we know about it? Fifty Chairs That Changed the World

Online Library Piaggio Ape Engine

imparts that knowledge listing the top 50 chairs that have made a substantial impact in the world of British design today. From Thonet's 1870 Side Chair to Konstantin Grcic's Chair_One, each entry offers a short appraisal to explore what has made their iconic status and the designers that give them a special place in design history.

After the Second World War Europe was in economic crisis and manufacturing lay in ruins. Materials were in short supply, and factories were forbidden from building aircraft. There was a need for cheap, economical transport, but acquiring a new car was difficult, and secondhand cars were not as readily available as they are today. By the 1950s, a myriad of economy cars had appeared on the market to fill this vacuum.

Online Library Piaggio Ape Engine

Former aircraft companies and even a refrigerator manufacturer turned their hand to producing tiny cars that were often quirky and eccentric. Many of these little cars earned the nickname 'bubblecars' due to their bulbous shape. The 1960s brought with it new levels of affluence, and these microcars almost faded from view. But today, they are enjoying a resurgence of popularity, with many becoming highly-prized collectors items. Increased traffic levels and fuel prices, and a greater awareness of environmental issues, have also created demand for a new generation of microcars, and car makers have responded accordingly with exciting new designs. Illustrated with over 70 colour photographs, this book celebrates the best of these weird and wonderful motoring marvels.

and costliest modes of transport in the ultimate record-breakers. Put yourself in the driving seat with this complete visual guide to vehicles.

No map distinguishes Montefalcione as different from any other isolated mountain village in southern Italy. It has ancient customs and its own saints and feast days -- yet Montefalcione, in Campania, is the setting for this meditation on the Italian Diaspora, reconstructing three generations of village life through myth, superstition, and the anecdotal history of the author's own family. The drama unfolds amidst a landscape of peasant riots, vicious landlords, religious

festival, feuds, the collapse of the Fascist party, and the tarantella - a world lost to the changing face of the 21st Century.

The automobile industry is evolving rapidly on a worldwide basis. Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel efficiency. Meanwhile, all of the biggest, most successful firms have become totally global in nature. Plunkett's Automobile

Online Library Piaggio Ape Engine

Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side, giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel steer millions of car buyers toward specific dealers while the same sites deliver competing bids for cars, insurance and financing in a manner that lowers costs and improves satisfaction among consumers. Meanwhile, auto makers are using the latest in e-commerce methods to manage their supply chains and replenish their inventories. This exciting new book (which
