Psychology of the Unconscious. Guglielmo Ferrero. "Therefore theory, which gives to facts their value and significance, is often very useful, even if it is partially false, for ii. throws light on phenomena which no one observed, it forces an studied, and it gives the impulse for more extended and more expose himself to the risk of committing error and to submit to criticism, ideal very limited and very paltry But those who are endowed with a mind sufficiently serious and impersonal as not ...

Theory gives Facts their Value - Carl Jung Depth Psychology

When you are conscious of your values, You can challenge beliefs that no longer serve you. You can make intentional choices about your actions, rather than being driven unconsciously by them. You can be intentional about choosing relationships with people who share our values. To surface your personal values, take time out for reflection. Identifying your values is not a mental activity - we care deeply about our values and become emotional when we connect with them.
