Rock stars share real and tongue in cheek recipes for their favorite recipes, including main dishes, side dishes, and desserts

The only anthology of its kind, this collection brings together classic and recent essays by thirteen leading geographers exploring American popular culture. The essays examine music, food, sports, politics, architecture, clothing, and religion within the context of five themes of cultural geography: region, diffusions, ecology, integration, and landscape. A list of suggested readings follows each section. *Fast Food, Stock Cars, and Rock-n-Roll* is an excellent text for introductory courses, appealing to students through its discussion of such topics as "grunge" rock, fast food, and blue jeans.

An eye-popping peek into entertainment industry from the magnetic force who has worked with an impeccable roster of stars throughout his storied career. In the course of his legendary career as a manager, agent, and producer, Shep Gordon has worked with, and befriended, some of the biggest names in the entertainment industry, from Alice Cooper to Bette Davis, Raquel Welch to Groucho Marx, Blondie to Jimi Hendrix, Sylvester Stallone to Salvador Dali, Luther Vandross to Teddy Pendergrass. He is also credited with inventing the "celebrity chef," and has worked with Nobu Matsuhisa, Emeril Lagasse, Wolfgang Puck, Roger Vergé, and many others, including his holiness the Dalai Lama. In this wonderfully engaging memoir, the charismatic entertainment legend recalls his life, from his humble beginnings as a "shy, no self-esteem, Jewish nebbisher kid with no ambition" in Oceanside, Long Island, to his unexpected rise as one of the most influential and respected personalities in show business, revered for his kindness, charisma—and fondness for a good time. Gordon shares riotous anecdotes and outrageous accounts of his free-wheeling, globe-trotting experiences with some of the biggest celebrities of the past five decades, including his first meeting with Janice Joplin in 1968, when the raspy singer punched him in the face. Told with incomparable humor and heart, *They Call Me Supermensch* is a sincere, hilarious behind-the-scenes look at the worlds of music and entertainment from the consummate Hollywood insider.

An all-access history of the evolution of the American restaurant chef

Bookmark File PDF Rockn Roll Cuisine

Chefs, Drugs and Rock & Roll transports readers back in time to witness the remarkable evolution of the American restaurant chef in the 1970s and '80s. Taking a rare, coast-to-coast perspective, Andrew Friedman goes inside Chez Panisse and other Bay Area restaurants to show how the politically charged backdrop of Berkeley helped draw new talent to the profession; into the historically underrated community of Los Angeles chefs, including a young Wolfgang Puck and future stars such as Susan Feniger, Mary Sue Milliken, and Nancy Silverton; and into the clash of cultures between established French chefs in New York City and the American game changers behind The Quilted Giraffe, The River Cafe, and other East Coast establishments. We also meet young cooks of the time such as Tom Colicchio and Emeril Lagasse who went on to become household names in their own right. Along the way, the chefs, their struggles, their cliques, and, of course, their restaurants are brought to life in vivid detail. As the '80's unspool, we see the profession evolve as American masters like Thomas Keller rise, and watch the genesis of a "chef nation" as these culinary pioneers crisscross the country to open restaurants and collaborate on special events, and legendary hangouts like Blue Ribbon become social focal points, all as the industry-altering Food Network shimmers on the horizon. Told largely in the words of the people who lived it, as captured in more than two hundred author interviews with writers like Ruch Reichl and legends like Jeremiah Tower, Alice Waters, Jonathan Waxman, and Barry Wine, Chefs, Drugs and Rock & Roll treats readers to an unparalleled 360-degree re-creation of the business and the times through the perspectives not only of the groundbreaking chefs but also of line cooks, front-of-house personnel, investors, and critics who had front-row seats to this extraordinary transformation.

A vibrant biography of one of the greatest rock 'n' rollers, the America that made him, and the America he made. This smart, incisive biography traces Bruce Springsteen's evolution from a young artist who wasn't sure what he wanted to say to an acclaimed musician with a distinctive vision for a better society. Brilliantly analyzing and evoking Springsteen's output, Marc Dolan unveils the pulsing heart of his music: its deep personal, political, and cultural resonances, which enabled Springsteen to reflect on his experiences as well as the world around him. The book is now updated with a new chapter on The Promise, Wrecking Ball, and the 2012 tour.

Smash Mouth invades the culinary world with a rock n' roll cookbook. "Recipes From The Road" is a unique fusion of delicious recipes, hilarious real life road stories straight from "The Mouth," candid road photos, and guest recipes from pop icons such as Guy Fieri (Diners Drive-ins and Dives), Sammy Hagar (Van Halen), Jerome Bettis (Pittsburgh Steelers), and Michael Symon (Iron Chef, The Chew), all displayed in a beautiful, eye-popping layout. Original.
