This 2015, Tenth Edition volume, comprehensively covers the Federal Rules of Evidence in Weinstein's Evidence Manual. It was designed for judges, lawyers, and students who need a concise guide to the practical and theoretical information required in the court, office, and classroom. Now that the Federal Rules have been in effect for more than two decades, some clear lines of interpretation have begun to emerge. The authors have summarized those areas and indicated places where further clarification is needed. The eBook versions of this title feature links to Lexis Advance for further legal research options.

He aquí la 3ª edición, 1ª en ACCI (Asociación Cultural y Científica Iberoamericana), de una obra basada en una larga experiencia. Presenta un modelo teórico-práctico para trabajar en Orientación y Terapia Familiar y construido sobre la base de lo vivido por el autor desde que fundó "Stripe" en 1965. El cuerpo doctrinal del volumen contiene una sólida teoría que integra cuanto constituye en este momento lo más actual de la Orientación y la Terapia Familiar desde el enfoque sistémico más consolidado. Los nuevos apéndices muestran un conjunto de herramientas que permiten llevar a la práctica todo lo que se asienta y deriva del paradigma que se defiende aquí. En manos de los terapeutas y orientadores actuales y del futuro, así como de cuantos se dedican a la formación de los mismos en Escuelas de Terapia Familiar, Masters de Familia y Parejas, cursos de licenciatura y doctorado relacionados con materias afines a las ciencias de la familia, este volumen servirá para adquirir las habilidades terapéuticas de los expertos que trabajan en este terreno. El autor ha plasmado aquí cuanto ha visto y tratado a lo largo de casi 29 años de trabajo clínico con familias y parejas. No es, por ello, fruto de una reflexión hecha bajo la luz de una lámpara en una mesa de estudio. Es lo que ha palpado en la realidad de la dinámica de la familia como grupo en crecimiento. A su valor clínico se une una vertiente pedagógica de quien transmite en la docencia universitaria y con lenguaje comprensible lo que previamente ha aprendido en el terreno vivo de una consulta. En ello se unifica lo que afirma Yela en el prólogo: "Yo sé, como tú, que los alumnos de psicología piden la formación terapéutica que les falta. Tienen razón. Pero hay que dársela con seriedad y sosiego. Como algunos vais haciendo. Más vale un terapeuta experto y responsable, bien afincado en la ciencia, que cien aficionados ahitos de buenas intenciones y yernos de técnica y pericia". "...Eso creo que significa, amigo Ríos, tu obra: un intento de ayudar al hombre, en su circunstancia familiar y desde sus incontables zozobras y dependencias..." En manos de los orientadores y terapeutas de familia queda este volumen que supone la síntesis didáctica de una amplia experiencia.
