THE RISE OF SHAKA In the first two decades of the 19th century, the Zulu people grew in power and expanded their territory under their leader, Shaka. This expansion, was in some measure a response...

"The classic of African History -- a biography of Shaka Zulu, founder of the Zulu nation, born leader and brilliant general...E.A. Ritter grew up with the Zulus, earning their respect and accumulating a rich store of material during his long association with them. Shaka's life and deeds had been handed down by word of mouth from generation to generation, and they are here evoked with a sense of drama and an eye for detail." -- Back cover.

LIMITED AUTOGRAPHED EDITION This is the original unedited manuscript of the 1985 bestselling novel by Joshua Sinclair which was adapted by him into the legendary television series by the same name. This true story chronicles with mythic detail the life of Shaka Zulu, the greatest African leader in history. Framed around Queen Victoria's decision on England's political stance towards the Zulu Nation, the novel starts with Shaka's illegitimate birth, taking us through his difficult childhood, his obsessive attachment to his mother Nandi, to his overthrow of the leadership of the Zulu nation. Building on his innovative methods of warfare, King Shaka established the most disciplined standing army in the history of Mankind (over one million strong at any given time) expanding the Zulu domain from a small tribe of less than 2,000 to an empire greater than that of Napoleon encompassing much of what is now south-east Africa. Mixing prophecy with oral tradition, the author, Joshua Sinclair, spans four decades of Africa's History dramatically punctuating the rise and fall of the one of most formidable empire this world has ever known.

Shaka struggles to retain power as challenges at home and from across an ocean threaten his new rule.

By tracing the long and turbulent history of the Zulus from their arrival in South Africa and the establishment of Zululand, *The Zulus at War* is an important and readable addition to this popular subject area. It describes the violent rise of King Shaka and his colorful successors under whose leadership the warrior nation built a fearsome fighting reputation without equal among the native tribes of South Africa. It

## Access Free Shaka Zulu The Rise Of The Zulu Empire

also examines the tactics and weapons employed during the numerous intertribal battles over this period. They then became victims of their own success in that their defeat of the Boers in 1877 and 1878 in the Sekunini War prompted the well-documented British intervention. Initially the might of the British empire was humbled as never before by the shock Zulu victory at Isandlwana but the 1879 war ended with the brutal crushing of the Zulu Nation. But, as Adrian Greaves reveals, this was by no means the end of the story. The little known consequences of the division of Zululand, the Boer War, and the 1906 Zulu Rebellion are analyzed in fascinating detail. An added attraction for readers is that this long-awaited history is written not just by a leading authority but, thanks to the coauthor's contribution, from the Zulu perspective using much completely fresh material. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

This scholarly account traces the emergence of the Zulu Kingdom in South Africa in the early nineteenth century, under the rule of the ambitious and iconic King Shaka. In contrast to recent literary analyses of myths of Shaka, this book uses the richness of Zulu oral traditions and a comprehensive body of written sources to provide a compelling narrative and analysis of the events and people of the era of Shaka's rule. The oral traditions portray Shaka as rewarding courage and loyalty and punishing failure; as ordering the targeted killing of his own subjects, both warriors and civilians, to ensure compliance to his rule; and as arrogant and shrewd, but kind to the poor and mentally disabled. The rich and diverse oral traditions, transmitted from generation to generation, reveal the important roles and fates of men and women, royal and subject, from the perspectives of those who experienced Shaka's rule and the dramatic emergence of the Zulu Kingdom.

They were volunteers to a man. These were the airborne troops who dropped into enemy territory ahead of any others, pinpointing the Drop Zone by means of a radio marker. They would then prepare the ground for the main forces that would follow. Once they had marked out the Drop Zones, they then had to defend them, whatever the odds. The volunteers had to pass exacting physical and psychological tests before they could join this elite force. These were the men of the 21st Independent Parachute Company, which was part of the Parachute Regiment, and this is their story, told by one of that unique band, then Sergeant, Ron Kent. The 21st Independent Parachute Company operated in North Africa, Sicily, Italy, Norway, France, as well as the largest airborne operation ever mounted, Market Garden. In compiling this account of the 'Pathfinders', Ron Kent contacted survivors of his company to provide the first comprehensive history of a unit that General Browning told its commanding officer, Major Wilson, was 'unsurpassed by any other in the world'.

Chaka is a genuine masterpiece that represents one of the earliest major contributions of black Africa to the corpus of modern world literature. Mofolos fictionalized life-story account of Chaka (Shaka), translated from Sesotho by D. P. Kunene, begins with the future Zulu king's birth followed by the unwarranted taunts and abuse he receives during childhood and adolescence. The author manipulates events

## Access Free Shaka Zulu The Rise Of The Zulu Empire

leading to Chakas status of great Zulu warrior, conqueror, and king to emphasize classic tragedys psychological themes of ambition and power, cruelty, and ultimate ruin. Mofolos clever nods to the supernatural add symbolic value. Kunenes fine translation renders the dramatic and tragic tensions in Mofolos tale palpable as the richness of the authors own culture is revealed. A substantial introduction by the translator provides valuable context for modern readers.
