Industry experts share their insight and tell you why: Unified managed accounts represent the future of the managed money industry. "No other platform offers so many options and can be customized to meet

the needs of so many different types of investors," says one of the nation's most prominent money managers. "We are able to address a wide variety of investment needs with a single product." (Chapter 3) Mutual fund wrap accounts are enjoying a resurgence in popularity. "With mutual fund advisory accounts, advisors can develop a consolidated strategy for their clients utilizing mutual funds," explains one top executive at a leading investment bank. "Investors know that proper asset allocation produces better results." (Chapter 3) Exchange-traded funds have exploded in popularity with clients and advisors. "ETFs have changed the landscape by offering financial advisors a new way to diversify their clients' portfolios," says the national sales manager of one of the world's largest ETF providers. "Advisors can fully diversify across all asset classes." (Chapter 4) Client demand is fueling the growth of alternative investments. "Larger clients are asking for these types of investments," says one director of investment consulting solutions at one of America's largest banks. "Diversification to minimize risk is the key incentive for adding alternative investments to a portfolio." (Chapter 4) They'll also teach you how to: * Determine if managed account solutions are right for you, your practice, and your clients * Transform your financial advisory practice into a wealth management business * Differentiate yourself from other advisors * Develop a recurring revenue stream that will enable you to grow your business * Attract new clients and capture additional assets from existing clients * Conduct successful client meetings and host seminars that get results * Position yourself as a provider of managed account solutions and partner effectively with other advisors, allied professionals, and the media

Food Service Manual for Health Care Institutions offers a comprehensive review of the management and operation of health care food service departments. This third edition of the book—which has become the standard in the field of institutional and health care food service—includes the most current data on the successful management of daily operations and includes information on a wide variety of topics such as leadership, quality control, human resource management, communications, and financial control and management. This new edition also contains information on the practical operation of the food service department that has been greatly expanded and updated to help institutions better meet the needs of the customer and comply with the regulatory agencies' standards.

Government and Politics in Australia 10e is the comprehensive and scholarly political science text that provides thorough and accessible content written by authorities in the field. Now in its 10th edition, Government and Politics in Australia continues to provide students with a research-based, in-depth contemporary introduction to the Australian political system. A strengthened focus on government and politics ensures that this classic text remains the most comprehensive and authoritative guide to the structure and institutions of Australian government, as well as political parties, representation, interest groups and the role of the media in Australian politics. The 10th edition has been thoroughly revised and updated by experts in the field led by a new editor team and includes a completely new chapter on Australia in the world.

This is an update to the 1996 portfolio and continues to provide a framework for building and sustaining effective public service organisations, based on current good practice and the wide experience of senior public sector managers throughout the Commonwealth. The second edition contains much of the original material, now up-dated together with several new sections. The Portfolio update is designed to be used as a companion resource to the Public Service Country Profiles which, together, can be used as a basis for benchmarking to compare activities and best practices across different national settings.
