With the benefit of Russian documents never before seen by Western scholars, German transcripts, and private letters and diaries, the author offers a compelling narrative of the battle of Stalingrad, which broke the back of the Nazi army during the Second World War. 20,000 first printing.

'A superb re-telling. Beevor combines a soldier's understanding of war's realities with the narrative techniques of a novelist . . . This is a book that lets the reader look into the face of battle' Orlando Figes, Sunday Telegraph 'A brilliantly researched tour de force of military history' Sarah Bradford, The Times _____ Antony Beevor's Stalingrad is a harrowing look at one of history's darkest moments. In October 1942, a panzer officer wrote 'Stalingrad is no longer a town... Animals flee this hell; the hardest stones cannot bear it for long; only men endure'. The battle for Stalingrad became the focus of Hitler and Stalin's determination to win the gruesome, vicious war on the eastern front. The citizens of Stalingrad endured unimaginable hardship; the battle, with fierce hand-to-hand fighting in each room of each building, was brutally destructive to both armies. But the eventual victory of the Red Army, and the failure of Hitler's Operation Barbarossa, was the first defeat of Hitler's territorial ambitions in Europe, and the start of his decline. An extraordinary story of tactical genius, civilian bravery, obsession, carnage and the nature of war itself, Stalingrad will act as a testament to the vital role of the soviet war effort. _____ 'Captivating . . . Jingoistic statues never pay a proper tribute to the dead, but honest books, like this one, certainly do' Vitali Vitaliev, Guardian 'Antony Beevor gained access to the unplumbed records, and he reveals the full awfulness and human cost of the conflict with scholarly verve and deep sympathy. The pity of war has seldom been rendered so well' Ben Macintyre

The Battle of Stalingrad was not only the psychological turning point of World War II: it also changed the face of modern warfare. From Antony Beevor, the internationally bestselling author of D-Day and The Battle of Arnhem. In August 1942, Hitler's huge Sixth Army reached the city that bore Stalin's name. In the five-month siege that followed, the Russians fought to hold Stalingrad at any cost; then, in an astonishing reversal, encircled and trapped their Nazi enemy. This battle for the ruins of a city cost more than a million lives. Stalingrad conveys the experience of soldiers on both sides, fighting in inhuman conditions, and of civilians trapped on an urban battlefield. Antony Beevor has interviewed survivors and discovered completely new material in a wide range of German and Soviet archives, including prisoner interrogations and reports of desertions and executions. As a story of cruelty, courage, and human suffering, Stalingrad is unprecedented and unforgettable. Historians and reviewers worldwide have hailed Antony Beevor's magisterial Stalingrad as the definitive account of World War II's most harrowing battle.

The Battle of Stalingrad was not only the psychological turning point of World War II: it also changed the face of modern warfare. From Antony Beevor, the internationally bestselling author of D-Day and The Battle of Arnhem. In August 1942, Hitler's huge Sixth Army reached the city that bore Stalin's name. As a story of cruelty, courage, and human suffering, Stalingrad is unprecedented and unforgettable. Historians and reviewers worldwide have hailed Antony Beevor's magisterial Stalingrad as the definitive account of World War II's most harrowing battle.

A masterful and comprehensive chronicle of World War II, by internationally bestselling historian Antony Beevor. Over the past two decades, Antony Beevor has established himself as one of the world's premier historians of WWII. His multi-award winning books have included Stalingrad and The Fall of Berlin 1945. Now, in his newest and most ambitious book, he turns his focus to one of the bloodiest and most tragic events of the twentieth century, the Second World War. In this searing narrative that takes us from Hitler's invasion of Poland on September 1st, 1939 to V-J day on August 14, 1945 and the war's aftermath, Beevor describes the conflict and its global reach -- one that included every major power. The result is a dramatic and breathtaking single-volume history that provides a remarkably intimate account of the war that, more than any other, still commands attention and an audience. Thrillingly written and brilliantly researched, Beevor's grand and provocative account is destined to become the definitive work on this complex, tragic, and endlessly fascinating period in world history, and confirms once more that he is a military historian of the first rank.

Antony Beevor's *Stalingrad*, published by Penguin in 1998, was a worldwide bestseller, telling one of the most harrowing stories of the Second World War and reminding everybody of the power of narrative history in the hands of an expert storyteller. In *Christmas at Stalingrad*, Beevor takes us back to December 1942 when the German 6th Army was surrounded by the Russians and facing annihilation. Only thoughts of Christmas kept German soldiers' hopes alive.

Jacket subtitle: *The Battle of the Bulge*.

On 17 September 1944, General Kurt Student, the founder of Nazi Germany's parachute forces, heard the growing roar of aero engines. He went out on to his balcony above the flat landscape of southern Holland to watch the vast air armada of Dakotas and gliders, carrying the British 1st Airborne and the American 101st and 82nd Airborne Divisions. He gazed up in envy at the greatest demonstration of paratroop power ever seen. Operation Market Garden, the plan to end the war by capturing the bridges leading to the Lower Rhine and beyond, was a bold concept: the Americans thought it unusually bold for Field Marshal Montgomery. But the cost of failure was horrendous, above all for the Dutch who risked everything to help. German reprisals were cruel and lasted until the end of the war.
