First-hand advice for musicians from Brian Tarquin, author, who has over twenty years of experience in licensing music to record labels, TV shows, feature films, radio promos, and network promos. This book takes you through how licensing really works: what type of royalties are expected, digital royalties from companies, receiving royalties from iTunes, Rhapsody, Napster through digital distributors like IODA/The Orchard, and how they pay. Also covered are mechanical royalties from broadcast radio licenses, how foreign royalties are collected, publishing administration deals, and a breakdown of sync and master licenses. Interviews with major industry players offer advice directly to musicians. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

Want to get your music heard by millions of people world-wide, and make a great living in the process? The traditional music industry has been in a rapid decline since the early 2000's, and these days, listeners expect your music to be free. So, as creative individuals, how can we share our gifts with the world, without struggling to pay the rent. The answer is through Sync Licensing. Successfully licensing your songs to TV Shows, Films and Commercials is a MUST if you want to survive in the Modern Music Industry. But there's a process that must be followed to not only get your songs placed. This book details the 4 Steps that will allow you to generate consistent placements of your music. It's not about 1 or 2 random placements here and there... it's about strategically getting 10, then 100, then 1000.
