This is a comprehensive collection of American short stories starting with Washington Irving and going through to Ann Beatie. All of the writers are very well known and I make no attempt to rate the stories. One could make the argument that these are not the best short stories from each author, but as a group it is an impressive collection.

A collection of more than one hundred tales of legendary heroes, tricksters, Native American creation stories, mythical characters, love stories, and ghost stories celebrates the voices that make up America. BOMC.

Named by the Library of Congress in a 2012 exhibit as among the top "100 Books that Shaped America," this two-volume set contains 500 stories and 100 songs collected from the author's time as national folklore editor for the Federal Writer's Project (1938-39) as well as his work as archivist of folksongs at the Library of Congress. As Carl Sandburg writes in his foreword, "So here we have nothing less than an encyclopedia of the folklore of America. An encyclopedia is where you get up into box car numbers...besides giving you the company of nice, darnfool yarn spinners, it will give you something of the feel of American history, of the

gloom chasers that moved many a good man who fought fire and flood, varmints and vermin, as region after region filled with settlers and homesteaders."

Following on the heels of his national bestseller *A Treasury of Royal Scandals*, Michael Farquhar turns his attention to matters a little closer to home with *A Treasury of Great American Scandals*. From the unhappy family relationships of prominent Americans to the feuds, smear campaigns, duels, and infamous sex scandals that have punctuated our history, we see our founding fathers and other American heroes in the course of their all-too-human events. Ineffectual presidents, lazy generals, traitors; treacherous fathers, nagging mothers, ungrateful children, embarrassing siblings; and stories about insanity, death, and disturbing postmortems are all here, as are disagreeable marriages, vile habits, and, of course, sex: good sex, bad sex, and good-bad sex too. We can take comfort in the fact that we are no worse and no better than our forebears. But we do have better media coverage. Bonus educational material: A brief history of the United States, including scandals! The American Hall of Shame! A complete listing of presidential administrations!

This entertaining collection -- a panoramic survey of American literature -- presents over two hundred years of great American short stories in more than 1,000 pages ...
