Edmund Metatawabin tells the story of his years as a child in the 1950s in St. Anne's, one of Canada's worst residential schools, and the healing he found from his alcoholism and PTSD through his reconnection with his Cree culture.--From publisher description.

A powerful, raw yet eloquent memoir from a residential school survivor and former First Nations Chief, Up Ghost River is a necessary step toward our collective healing. In the 1950s, 7-year-old Edmund Metatawabin was separated from his family and placed in one of Canada's worst residential schools. St. Anne's, in northern Ontario, is an institution now notorious for the range of punishments that staff and teachers inflicted on students. Even as Metatawabin built the trappings of a successful life—wife, kids, career—he was tormented by horrific memories. Fuelled by alcohol, the trauma from his past caught up with him, and his family and work lives imploded. In seeking healing, Metatawabin travelled to southern Alberta. There he learned from elders, participated in native cultural training workshops that emphasize the holistic approach to personhood at the heart of Cree culture, and finally faced his alcoholism and PTSD. Metatawabin has since worked tirelessly to expose the wrongdoings of St. Anne's, culminating in a recent court case demanding that the school records be released to the Truth and Reconciliation Commission. Now Metatawabin's mission is to help the next generation of residential

school survivors. His story is part of the indigenous resurgence that is happening across Canada and worldwide: after years of oppression, he and others are healing themselves by rediscovering their culture and sharing their knowledge. Coming full circle, Metatawabin's haunting and brave narrative offers profound lessons on the importance of bearing witness, and the ability to become whole once again.

Journalist Alexandra Shimo flew to the remote Northern Ontario reserve of Kashechewan, hoping to document its deplorable living conditions. Instead, she was faced with the dark side of Canadian history and the limits of her own mental stability.

"An enthralling story . . . A work of history that reads like a novel." – Christian Science Monitor "As Hochschild's brilliant book demonstrates, the great Congo scandal prefigured our own times . . . This book must be read and reread." – Los Angeles Times Book Review In the late nineteenth century, as the European powers were carving up Africa, King Leopold II of Belgium carried out a brutal plundering of the territory surrounding the Congo River. Ultimately slashing the area's population by ten million, he still managed to shrewdly cultivate his reputation as a great humanitarian. A tale far richer than any novelist could invent, King Leopold's Ghost is the horrifying account of a megalomaniac of monstrous proportions. It is also the deeply moving portrait of those who defied Leopold: African rebel leaders who fought against hopeless odds and a brave handful of missionaries, travelers, and young idealists who went to Africa for work or adventure but unexpectedly found themselves witnesses to a holocaust and participants in the twentieth century's first great human rights movement. thousands of Aboriginal children in Canada, and elsewhere in the colonized world, Xatsu'll chief Bev Sellars spent part of her childhood as a student in a church-run residential school. These institutions endeavored to "civilize" Native children through Christian teachings; forced separation from family, language, and culture; and strict discipline. Perhaps the most symbolically potent strategy used to alienate residential school children was addressing them by assigned numbers only—not by the names with which they knew and understood themselves. In this frank and poignant memoir of her years at St. Joseph's Mission, Sellars breaks her silence about the residential school's lasting effects on her and her family—from substance abuse to suicide attempts—and eloquently articulates her own path to healing. Number One comes at a time of recognition—by governments and society at large—that only through knowing the truth about these past injustices can we begin to redress them.

The "fascinating" #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (The Wall Street Journal). First published in 1970, *Bury My Heart at Wounded Knee* generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, *Bury My Heart at Wounded Knee* inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author's personal collection.

#1 NEW YORK TIMES BESTSELLER • Discover the life-changing memoir that has inspired millions of readers through the Academy Award®-winning actor's unflinching honesty, unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN "McConaughey's book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand."—Mark Manson, author of *The Subtle Art of Not Giving a F*ck* I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more

satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges—how to get relative with the inevitable—you can enjoy a state of success I call “catching greenlights.” So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.
