Review by Niki Fakthori - December 4, 2020. Set one hundred years prior to the events of The Legend of Zelda: Breath of the Wild, Hyrule Warriors: Age of Calamity is an addictive addition to the Hyrule Warriors series. In it, you control a wide variety of characters as they shred through an endless stream of enemies and work towards stopping the oncoming Great Calamity.

Wild Thing Includes Warriors Of Poseidon 15 Guardians ...

A quartet of novellas delves into the passionate world of the supernatural in an anthology that journeys from the depths of Atlantis and a realm of vampires and guardian angels to the forbidden world of the demon horde and the secrets of an animal whisperer, in four romantic sagas by Maggie Shayne, Marjorie M. Liu, Alyssa Day, and Meljean Brook. Reprint.

In Wild Things, Wild Places, Jane Alexander movingly, with a clear eye and a knowing, keen grasp of the issues and on what is being done in conservation and the worlds of science to help the planet's most endangered species to stay alive and thrive, writes of her steady and fervent immersion into the worlds of wildlife conservation, of her coming to know the scientists throughout the world--to her, the prophets in the wilderness--who are steeped in this work, of her travels with them--and on her own--to the most remote and forbidding areas of the world as they try to save many species, including ourselves.

A book that will set the course for the environmental movement for years to come, Confessions of an Eco-Warrior is an inspiring ecological call to arms by America's foremost and most controversial environmental activist. "Rude and brilliant. Read it and you will see the future".--William Kittredge.

As prophesized, a young house cat becomes an apprentice warrior in a clan of wild cats, where he faces many dangers and treachery both within and outside of his new clan.

"With this book, you feel you can stop time and savor the rituals of life." --Maira Kalman An immersive journey through the culture and cuisine of one Japanese town, its forest, and its watershed--where ducks are hunted by net, saké is brewed from the purest mountain water, and charcoal is fired in stone kilns--by an American writer and food stylist who spent years working alongside artisans One night, Brooklyn-based artist and food writer Hannah Kirshner received a life-changing invitation to apprentice with a "saké evangelist" in a misty Japanese mountain village called Yamanaka. In a rapidly modernizing Japan, the region--a stronghold of the country's old-fashioned ways--was quickly becoming a destination for chefs and artisans looking to learn about the traditions that have long shaped Japanese culture. Kirshner put on a vest and tie and took her place behind the saké bar. Before long, she met a community of craftspeople, farmers, and foragers--master woodturners, hunters, a paper artist, and a man making charcoal in his nearly abandoned village on the outskirts of town. Kirshner found each craftsperson not only exhibited an extraordinary dedication to their work but their distinct expertise contributed to the fabric of the local culture. Inspired by these masters, she devoted herself to learning how they work and live. Taking readers deep into evergreen forests, terraced rice fields, and smoke-filled workshops, Kirshner captures the centuries-old traditions still alive in Yamanaka. Water, Wood, and Wild Things invites readers to see what goes into making a fine bowl, a cup of tea, or a harvest of rice and introduces the masters who dedicate their lives to this work. Part travelogue, part meditation on the meaning of work, and full of her own beautiful drawings and recipes, Kirshner's refreshing book is an ode to a place and its people, as well as a profound examination of what it means to sustain traditions and find purpose in cultivation and craft.

Is theirs a love match? For Leira Venn, her future is a given foretold by the oracle of the Albah, the ancient people she was born to. Which is why she knows from the moment she meets Dr. Julian Ryder that he is fated to be hers. But nothing else about the prophecy feels right. For the handsome doctor is shrouded by darkness, and intimately involved with a woman who seems intent on killing Leira. . . . Or a death wish? Sorrow has shadowed Julian Ryder for as long as he can remember. But from the moment he meets lovely Leira, his heart is filled with hope for the future;a future that is as combustible as the powerful attraction between them. For Leira is marked for death by the very forces who killed his mother. The very darkness that stole everything he held most dear. Only this time, Julian is stronger, more in control of his powers than ever. But will it be enough to save Leira from those who would destroy her?

Finally banishing the Saxon scourge from his lands, King Arthur, uniting Celtic Britain at last, finds his reign threatened from within by both his bitter queen and second wife, Wenhaver, and a traitor, and, with Merlin gone, must decide how best to proceed if he wishes to see Britain stand strong. Original.

CHRONICLES OF DASNARIA Just beyond the reach of the Twelve Kingdoms, avarice, violence, strategy, and revenge clash around a survivor who could upset the balance of power all across the map. . . . Once Ivariel thought elephants were fairy tales to amuse children. But her ice-encased childhood in Dasnaria's imperial seraglio was lacking in freedom and justice. With a new name and an assumed identity as a warrior priestess of Danu, the woman once called Princess Jenna is now a fraud and a fugitive. But as she learns the ways of the beasts and hones new uses for her dancer's strength, she moves one day further from the memory of her brutal husband. Safe in hot, healing Nyambura, Ivariel holds a good man at arm's length and trains for the day she'll be hunted again. She knows it's coming. She's not truly safe, not when her mind clouds with killing rage at unpredictable moments. Not when patient Ochieng's dreams of a family frighten her to her bones. But it still comes as a shock to Ivariel when long-peaceful Nyambura comes under attack. Until her new people look to their warrior priestess and her elephants to lead them. . . . Praise for The Mark of the Tala Magnificent...a richly detailed fantasy world.RT Book Reviews, 41/2 stars, Top Pick Well written and swooningly romantic.Library Journal, starred review

From the New York Times bestselling author of Atlantis Betrayed and Vampires in Atlantis comes the story of an immortal Atlantean warrior who falls in love with a panther shapeshifter as they battle vampires. Atlantean warrior Bastien is sent to make an alliance with the panther shapeshifters in the Florida Everglades, but he wants something more intimate than a political alliance with the female shifter he's obsessed with. First, he must contend with the nest of vampires who also want the shapeshifters' allegiance. Previously published in Wild Thing

We often enjoy the benefits of connecting with nearby, domesticated nature -- a citypark, a backyard garden. But this book makes the provocative case for the necessity of connectingwith wild nature -- untamed, unmanaged, not encompassed, self-organizing, and unencumbered andunmediated by technological artifice. We can love the wild. We can fear it. We are strengthened andnurtured by it. As a species, we came of age in a natural world far wilder than today's, and much ofthe need for wildness still exists within us, body and mind. T he Rediscovery of theWild considers ways to engage with the wild, protect it, and recover it -- for ourpsychological and physical well-being and to flourish as a species. The contributors offer a rangeof perspectives on the wild, discussing such topics as the evolutionary underpinnings of our needfor the wild; the wild within, including the primal passions of sexuality and aggression; birding asa portal to wildness; children's fascination with wild animals; wildness and psychological healing;the shifting baseline of what we consider wild; and the true work ofconservation. The hardcover edition does not include a dust jacket.
